## **Policy 5122**

### **Assigning Students to a Teacher and Classes**

The building Principal shall have the responsibility and the authority for assignment of each student to her/his class and, therefore, her/his teacher with the best interests of the child in mind. If concerns exist, the parent(s) is/are encouraged to communicate in writing with the Principal or designee in the spring prior to classroom assignments concerning the student's learning style and particular needs, personal or educational. Principals will not take requests to place students with particular teachers and will make the final determination in placing all students.
