Policy 6313

Instructional Program

The Clinton Board of Education prioritizes the instructional program provided to students and recognizes the responsibility to provide personnel, instructional supplies, equipment, materials and other support as may be required to best meet the needs of the students, the professional staff, and community goals.

The Board of Education also supports a continuing program of in-service education and professional development opportunities for certified and non-certified staff to ensure that the ever-changing needs and requirements for providing a relevant and quality education to the students in Clinton are met.

Policy adopted: September 21, 1992

Policy revised: August 17, 2020
