Date: _____

Dear: _____ :

As we do not have a record of the required state physical examination (Form HAR-3) in our office, we cannot allow your child to start school. Please do not send:

Name of Student

to school until the physical examination is done and all paperwork is completed. Please take care of this immediately so that the student will not miss school because of this important matter.

Thank you for your understanding. If you have any questions, you may reach me at the contact information below:
