

Daily Student Health Self-Check

We are asking all of our families and staff to utilize the Daily Student Health Self-Check Questionnaire prior to coming to school each day. This will ensure that we work together to keep our schools healthy learning environments.

Parents/Guardians should conduct daily self-monitoring of their child/children by answering the following questions. If the answer to any of the questions for your child is **YES, your child is **REQUIRED** to remain home from school.**

- Does your child have a fever today of 100.4°F or greater?
- Does your child have shortness of breath or other difficulties breathing?
- Does your child have a persistent cough that is new?
- Does your child have loss of taste/smell?
- Does your child have flu-like symptoms such as gastro-intestinal upset, nausea, vomiting, headache?
- Has your child been in contact or close contact with someone diagnosed with COVID-19?
- Has your child traveled in the past 14 days to any regions listed on the DPH travel advisory list?

If you answer **YES to any of the questions listed above, your child is **REQUIRED** to stay home and a call should be placed to your medical provider for further guidance.**

Please also remember to report to your school office if your child is absent from school for any reason.

Health Office Phone Lines: please give your child's name and reason for absence and leave your name and a good number to call for follow up.

Joel Health Office: (860) 664-6571

Eliot Health Office: (860) 664-6573

Morgan Health Office: (860) 664-6574
