Consider instructional implications

Discover classroom applications of MAP® Growth™ reports and the Learning Continuum. Support differentiated instruction and meet the needs of every student through responsive instruction using your MAP Growth results. Tailor your learning even further with learning centers focused on topics such as using formative assessment and integrating Khan Academy® resources.

Configure your session(s)

This Informing Instruction offering is divided into segments of learning focused on answering a key question. Each segment is approximately one hour in length, customizable to fit your schedule. Your Professional Learning consultant will work with you to select the content that best meets your learning needs and your audience, based on the delivery option you've purchased.

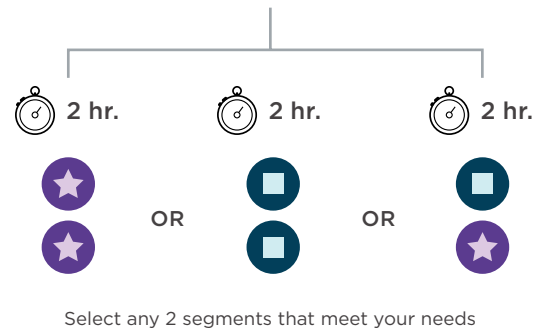

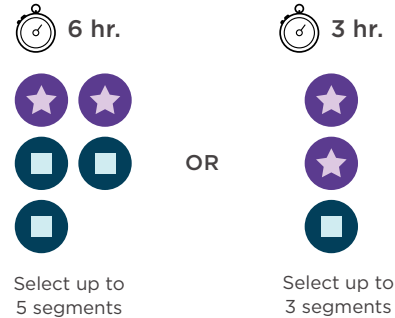

DIFFERENTIATED INSTRUCTION

- How does MAP Growth support differentiation?
- How does MAP Growth support instruction?

RESPONSIVE PLANNING FOR INSTRUCTION

- How do I plan responsive instruction?
- What resources are available to support instructional planning?
- How do I plan to support the various readiness levels of my students?

POTENTIAL WAYS TO CONFIGURE
